

FOR IMMEDIATE RELEASE

Parallon Business Solutionssm Announces Appointment of
Michael O'Boyle as President and CEO

NASHVILLE, TN – DECEMBER 6, 2011—Parallon Business Solutionssm, which offers healthcare providers a complete range of industry-leading business solutions, today announced Michael O'Boyle has been named President and CEO, effective January 3, 2012.

O'Boyle currently is President of UnitedHealth Networks, where he is responsible for contractual and service relations with care providers for all of UnitedHealthcare's benefit businesses. He replaces Beverly B. Wallace, who led the launch of Parallon, a subsidiary of HCA, earlier this year. Her retirement, following a 28-year career, was announced in July. O'Boyle will report to HCA's President and Chief Financial Officer, R. Milton Johnson.

"Michael is a healthcare financial management veteran with extensive experience in both the provider and payor sectors," said Wallace. "Under his leadership, Parallon's clients will continue to have access to leading industry strategies, and they will continue to receive the highest levels of service."

"We are pleased to have Michael join Parallon and HCA's senior management team," said Johnson. "We look forward to Parallon's growth under his leadership."

As President of UnitedHealth Networks since 2008, O'Boyle has been responsible for the aforementioned services for UnitedHealth Group's commercial, Medicare, Medicaid, and veterans and military lines of business, which serve its members through a vast network of hospitals, doctors and ancillary providers.

Prior to his service with United, O'Boyle served as the Cleveland Clinic's Chief Operating Officer from 2005 to 2008, with responsibility for all of the system's regional hospitals (Ohio and Florida). O'Boyle joined the Cleveland Clinic as Chief Financial Officer in 2001 and served in that capacity until 2005.

From 1991 to 2001, he served as chief financial officer for Medlantic Healthcare Group and MedStar Health, Inc. and helped to lead the merger that created Medstar Health in 1998. From 1987 to 1991, he held several financial leadership roles, including chief financial officer for three hospitals.
